MAUD MULLER.
Maud Muller, on a summer's day,
hid her jug in a pile of hay.

The judge came by on his Arab steed,
And he was a very dry man, indeed.

"Aha," said he, with a winsome wink,
Now where can a dry man find a drink?"

She put her finger in her mouth,
And slyly said, "A half mile South."

So the judge he galloped hickey-split,
Which showed that Maud had a pretty wit.

Clay Cracraft has sold his crop of tobacco
to J. C. Stevenson at 11 cents.

Arthur Brown, colored, aged about 23, was
found dead by the side of the C. F. and S. E.
Railroad a short distance from Flemingsburg
Tuesday. He was in the city Monday and
started home drunk. He was put off the train
just after it left Johnson Junction, and later
he started to walk to Flemingsburg. He was
seen no more until found dead.

Beginning with tonight the revival services
at the Third Street Methodist Episcopal Church
will begin at 7:15 o'clock instead of 7. The
day meetings will continue to be held at 2:30
o'clock. Good sized audiences attended both
services yesterday, considering the weather.
The service last night was of a character to
enlighten the minds and hearts of all, and to
bring them into a complete surrender to God
that they might have the peace spoken of in
the text, "Therefore being justified by faith we
have peace with God."

COUNTY COURT DAY

Free Ferriage, Free Seed Corn,
Free Seed Potatoes

Next Monday, March 4th, County Court
Day, there will be free ferriage for our Ohio
friends.

The Board of Trade has determined to give
out the corn exhibited at the Tobacco Fair in
packages of five ears each, and the potatoes,
five to the package, for the purpose of fur-
nishing seed to those persons who wish to im-
prove these two crops.

This will be done at John Duley's office 215
Court street, beginning at 10 o'clock Monday
morning, March 4th.

No one need apply before that time, and no
one will be entitled to more than one package
each of corn and potatoes.

Do not come before 10 o'clock, as the dis-
tribution will not be made until that hour.

The packages will be given out in the order
in which applications are made and if you
wish to get a good start for seed corn and po-
tatoes, you should not overlook this opportu-
nity.

MAYSVILLE FAIR

Set the Ball in Motion for An Old
Time Genuine Fair

How about a fair this fall?

It is not too early to agitate the subject, and
during the leisure hours that most people are
enjoying at this season of the year, talk the
matter over and further along set the wheels
in motion for a real old-time country fair this
fall—the kind we had in ante-bellum days, when
holiday was of the real, genuine sort.

While the majority of the grand and noble
men of those days are peacefully resting 'neath
the sod, there are left behind sons, worthy rep-
resentatives of gallant and chivalrous sires,
who by heritage are best fitted to put in motion
and carry to a successful conclusion an affair
of this kind.

The Maysville Fair Company has already
spent considerable money in securing and
putting in shape ample ground space for the
holding of a fair, and by united action on the
part of citizens of this city in lending aid and
financial assistance an exhibition can be held
this fall that would reflect credit on the pro-
moters and redound financially to the best in-
terest of the merchants of Maysville.

We need something going on during the
summer and fall to attract strangers here that
they may see what a pretty and substantial city
Maysville under the hills really is, and what
a clever set of people make up its citizenship.

Let all join hands and boom the Fair, and in
doing so boom the good old town.

At Lexington, Judge Watts Parker decided
that \$100,000 worth of Western Union stock
owned by Clara Bell Walsh of St. Louis was ex-
empt from state, county and city taxes. The
decision is far-reaching because it involves a
principle that to tax stock in the hands of an
individual stockholder after the corporation had
paid taxes to the state, county and city on a
general franchise would amount to double tax-
ation, which Judge Parker holds would be sub-
versive of the spirit of the law of this state.

STRANGE Mr. Jerome hasn't asked Evelyn if she smoked cigarettes?

FEBRUARY is indeed a prolific month. WASHINGTON, LINCOLN and LONGFELLOW! What a trio of characters! To father these three would make any Nation great.

TODAY, February 27th, is the one hundredth anniversary of the birth of HENRY WADSWORTH LONGFELLOW, America's greatest poet. He died in 1882 universally honored as our leading poet.

SINCE the last Democratic Tariff was succeeded by a Republican measure the exports of American manufactures have doubled. No Tariff has ever been as successful as the Dingley law in connection with an increasing foreign trade.

A scheme for free trade between the United States and Canada would be possible only when both countries had the same tariff, the same customs administrative law, and the same restrictions of all kinds, against importations of goods from abroad. And that time is not likely to come, in this generation.

SELF-DEFENSE is the first law of nature, and to hear a man tell it himself you would think that all men are angels. Now comes the Mormon Senator, REED SMOOT, who declares he is one of the very best American citizens and is a model of civil and religious conduct; same time there is no telling how many wives he has in Utah. But there have been worse men than Smoot in the Senate.

REV. I. J. SPENCER, Pastor of the Central Christian Church at Lexington preached last Sunday night on "the Gospel and the Thaw case." He likened the experiences of EVELYN THAW to EVE and referred to WHITE in the role of Satan. Madison Square tower must represent the Garden of Eden.

THE public is tired of the whole Bailey affair. The verdict is signed, sealed and delivered that BAILEY is guilty of the charge of accepting large sums of money from an auxiliary concern of the Standard Oil Company. Mr. BAILEY wept on the witness stand; he also raged and cursed and called the witnesses liars, etc. Pretty spectacle for a dignified United States Senator. He had better have made a clean breast of it or thrown himself on the mercy of the investigators. But wouldn't that have been a holy show?

The Interstate Commerce Commission continues to be bombarded with letters protesting against its strict construction of the anti-pass provision of the new railroad rate bill. Some of them are of a facetious nature. One correspondent of the commission dropped into rhyme, fashioning his ebullition after a popular song as follows:

Everybody walks but father,
He rides 'round all day;
Big mogul on a railroad,
He don't have to pay.
Little John is walking,
Also brother Will,
So's the whole damn family
Since Hepburn passed his bill.

SOMETHING NEW IN KENTUCKY.

Fairbanks of Indiana and Shaw of Iowa were stumping Kentucky. After a successful meeting the Kentucky Colonel who had the two Republican statesmen in charge invited them into the hotel barroom for refreshments. "What'll you have?" he asked Senator Fairbanks. "A little cold apollinaris," was the reply. "And you?" said the host to Governor Shaw. "I think I will have a glass of buttermilk." The barkeeper turned to the Kentuckian. "What shall I give you, Colonel?" he asked. The Kentucky gentleman heaved a long sigh. "Under the circumstances," he said, "I think you can give me a piece of pie."

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I found Cascareto. During the nine years before I used Cascareto, I suffered untold misery with internal piles. Thanks to you I am free from all trouble this morning. FAILED TO AGREE

Judge Cochran Must Appoint Commissioner in Injunction Case

It is now up to Judge A. M. J. Cochran of the United States Court for the Eastern District of Kentucky to appoint a Commissioner of his own choosing to take the evidence in the case in which the railroads of the state are seeking to enjoin the Kentucky Railroad Commission from putting into effect an order making a sweeping reduction of twenty-five cents a hundred on all freight on all the railroads in the state.

The attorneys for the railroads and the Kentucky Railroad Commission held a final conference at Louisville Monday and failed to come to any agreement in the naming of a person whom Judge Cochran might appoint as Commissioner.

After several names had been proposed and discussed the attorneys thought best to pass the matter up to Judge Cochran and he will likely name the Commissioner within the next few days.

GROWING OF ALFALFA

Colonel C. C. Degman Gives Some Interesting Facts on Subject

Colonel C. C. Degman was down from Springdale last Friday in attendance on the Farmers' Institute, and was specially interested in the address of Mr. Joseph E. Wing of Ohio on "How to Succeed With Alfalfa."

For the past few years Mr. Degman has been experimenting with alfalfa, and the following will be of great value to the farmers who contemplate adding this plant to their farm products.

Editor Public Ledger: Apropos of the very interesting lecture on alfalfa, by Mr. Wing of Ohio, at the Opera-house February 22d, I am constrained to make a few observations along the line of my own experience with the plant. For a number of years before I made the test, I felt sur that alfalfa would be a success in Mason county, notwithstanding the assertions of the doubting Thomases to the contrary. So in the spring of 1904 I prepared about one third of an acre of rocky limestone bottom land, of medium fertility, upon which I sowed six pounds of seed, April 16th, using a common hand seeder, setting the feed so as to have enough left for cross sowing to prevent stripes, wishing very much to have a perfect stand. April 22d I visited my alfalfa "patch" and found to my delight a perfect blanket of tiny plants, somewhat resembling cabbage or morning glory plants, when they first appear. I think that more seed was used than necessary, and will say here that it is my opinion from experience, that fifteen pounds to the acre, if the land is properly prepared, is ample sufficient. About the first of June my plants had grown to the average height of twelve inches. I then ran over it with the mower (detaching the switch,) clipping it as close to the ground as the sharp sickle would cut, it leaving the clipping on the ground. Thirty days later I repeated the clipping, leaving a much larger amount on the ground, this cutting being much taller than the first. About the

last of August I clipped it the third time, taking off some 500 pounds of cured hay. I have learned since that I should have cut or pastured it off again before frost.

In April, 1905, I seeded two acres more, making the same thorough preparation of the seed bed; part of this seeding was on thin clay land and I got a splendid stand with fifteen pounds to the acre; but was a little unfortunate, as the back water from the May rise in the Ohio got over a portion of it, leaving such a deposit of silt that much of it was destroyed. My first patch was then almost ready to cut, and the backwater spoiled about half of it, i. e. the hay, but did not materially injure the plants, as I have continued to take about a thousand pounds of cured hay from that patch at each cutting, and in same proportion off the two acres seeded in 1905. Having 40 years and more experience in grass seeding of various kinds, I now firmly believe we have come upon the plant to which at least 90 per cent. of Mason county soil is adapted, and that our farmers should not fail to sow an acre or two, and become also convinced that it is almost a crime to continue to sow timothy, which everyone knows is a soil exhauster. Experiment and learn how much better it is to raise alfalfa, which is within itself a complete ration for all kinds of stock, and a joy forever when it comes to the fruit question. It is self-fertilizing and should come in as the base of a four or five year rotation.

The seed weighs 60 pounds to the bushel, and heretofore has cost about the same as red clover seed. I hope it will not be higher this season, as I want to sow 15 acres this spring and summer; i. e., I will try some fallow ground after early harvest, thereby outflanking the crab and foxtail grass that are some seasons very annoying and destructive to spring sown grasses. I shall also sow one bushel of oats with each acre, as a nurse crop, with my April seeding, cutting the same when the oats begin to bloom, putting the whole up as hay. Burley is also said to be especially good managed the same way.

Our native sweet clover, heretofore recognized

as only useful as a honey producer, is now known to contain all the fertilizing qualities as properties required by the alfalfa plant, the bacteria of each being the same, and differing materially from that required by the common red clover, thereby proving that wherever sweet clover flourishes alfalfa will grow, and every observing farmer knows that if allowed, sweet clover grows anywhere in Mason county. Therefore, we need not send abroad for soil to inoculate our fertile domain. The lecture: "How to Succeed with Alfalfa," by James E. Wing at the Opera-house Friday evening, was splendid. The facts and excellent suggestions given by him were largely from personal experience and should have been heard by every progressive farmer in Mason county.

The Farmers' Institute organized on that occasion is composed of and officered by some of our most progressive farmers, and it will be a proud day for old Mason when every live farmer has his name added to that list. Yours truly,

C. C. DEGMAN.

OUR PRIDE IS IN THE WORK HARNESS

Department of our store. By giving special attention to the most minute details we turn out Harness whose longevity rivals that of the Deacon's wonderful one-horse shay, which, as you all know, was so wonderfully constructed that it did not wear out in any one particular place, but, after being used for one hundred years to the minute, went to pieces all at once. Our workmen, being skilled at their work, know, as did the Deacon, that "Tis mighty plain that the weakes' place mus' stan' the strainin', 'n the way t' fix it, uz I maintain is only jes' to make that plaqe uz strong uz the rest." We can give you the names of some of our customers to whom we sold work harness when we first went into business, and which is still as good as new. Do you not think this is full value received for every cent invested?

Colds on the Chest

Ask your doctor the medical name for a cold on the chest. He will say, "Bronchitis." Ask him if it is ever serious. Lastly, ask him if he prescribes Ayer's Cherry Pectoral for this disease. Keep in close touch with your family physician, and follow his advice carefully.

We have no secrets! We publish the formulas of all our preparations.

Two of the four white Churches at Sharpsburg are Pastorless. Rev. James M. Walton of the Presbyterian Church has resigned to accept the pastorate of the Presbyterian Church at Oregon, Mo., and the Baptists have been without a Pastor since last July.

MISS PHOEBE HOPPER.

Miss Phoebe Hopper, aged 79 years, died at Lewisburg this morning.

The funeral will be held from the Lewisburg Baptist Church tomorrow afternoon at 2 o'clock.

MRS. SUSAN MITCHELL.

Mrs. Susan Mitchell, widow of Smith Mitchell, died Monday night at her home two miles West of Springfield.

She was 69 years of age and is survived by several children.

She was a good woman, respected by all who knew her.

The funeral occurred this morning, the interment being in the old Whaley burying ground near her late home.

The American Tobacco Company received about 50 hogsheads of tobacco at this point yesterday.

Mr. Charles L. Lieby, from Allentown, Pa., has been called to the Secretaryship of the local Y. M. C. A. Mr. Lieby is a graduate of the Chicago training school of the Y. M. C. A., and comes highly recommended, having had an experience of three years in other fields.

SONS OF VETERANS

Why Not Revive Camp, Once Flourished Here

At the next meeting of the State Encampment of the Grand Army of the Republic the matter of the revival of the Sons of Veterans needs to be looked into. Soon the Civil War Veteran will have passed off the boards and none will be left to take his place.

Why the Sons of Veterans have died out and disbanded is not easily explained, and that it is so very much regretted.

At one time here in Maysville flourished an excellent Camp of Sons, but it died out, and has gone "where the lion roareth and the whangdoole mourneth for its first born."

What's the matter boys? Why not revive and come to live again.

The cross-examination of Evelyn Nesbit Thaw was finished by Mr. Jerome yesterday afternoon at 12:40. To sum up the result of Jerome's mouthy work, he has accomplished very little for the prosecution; but has brought out the hidden inside facts of Evelyn's fast life and that she has been for the past six years a member of the demimonde who knows all the ropes and can make monkeys of men like White, Thaw or even Jerome. Evelyn is strictly up-to-date and knows her business from start to finish.

ALL MOTHERS SHOULD READ THIS LETTER

DAUGHTER OF C. W. STUMP.

Mrs. C. W. Stump of Canton, Ohio, writes: "I wish I could induce every mother who has a weak, sickly child to try that delicious cod liver preparation, Vinol. Our little daughter was pale, thin and sickly. She had no appetite and no ambition."

"We tried various medicines, but without any benefit whatever, and she could not take cod liver oil or emulsions, as they nauseated her and upset her stomach.

"Learning that Vinol contains all the medicinal and strength-creating properties of cod liver oil, but without the disagreeable oil we decided to try it, and the results were marvelous. It gave her a hearty appetite; the color returned to her cheeks and she is stronger and in better health than she has been for years.

"I cannot say enough in favor of Vinol for weak, delicate children."

Our local druggist, J. C. Pecor, says: "We have never sold a medicine in our store equal to Vinol for delicate, ailing children, weak old, people, or sickly women and children, and we return money if it fails to benefit."

J. C. PECOR, Druggist.

NOTE—While we are sole agents for Vinol in Maysville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

Mr. Jacob Mizer Smith of near Germantown was in town the other day and carried a broad smile around with him. He had disposed of 13,060 pounds of tobacco at 9 cents that he had raised on eight acres of ground.

TESTED AND PROVEN

There is a heap of solace in being able to depend upon a well-earned reputation

For months Maysville readers have seen constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit. A. W. McClanahan of A. W. and B. P. McClanahan, grocers, at 121 Second street, Maysville, Ky., say:

"I can endorse Doan's Kidney Pills more heartily today than I did five years ago when I told the Maysville people that this medicine had cured me of severe kidney trouble and backache that had bothered me for twenty years and seemed to be growing worse all the time. I repeat that I can more confidently recommend Doan's Kidney Pills today than I did in that testimonial because my cure has been permanent and I have had no kidney trouble for nearly five years. As proof that I am a firm believer in Doan's Kidney Pills I will be only too pleased to reiterate the above to anyone who may inquire."

Forsale by all dealers. Price 50 cents a box Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.
